Drawing change, may also require changes in the specification, e.g., if Fig. 1 is changed to Fig. 1A, Fig. 1B, Fig. 1C, etc., the specification in the Brief Description of the Drawings, must likewise be changed. Please make such changes by 37 CFR 1.512 Amendment at the time of submitting drawing changes.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Informalities--37 CFR 1.85

File new drawing with the changes incorporated therein. The application number or the title of the invention, inventor's name, jacket number (if any), and the name and telephone number of a person to call if the Office is unable to reach the drawing, in the proper application, should be placed on the back of each sheet of drawings in accordance with 37 CFR 1.14(c). Applying the results of the subordination principle, we can then say that the *verb* *is* is subordinated to the *verb* *call* in the sentence *He called the dog a name*. The *verb* *call* is the head of the *NP* *the dog a name*, and the *verb* *is* is the head of the *NP* *He called*.

¹⁰ See, for example, the discussion of the relationship between the *U.S. Constitution* and the *Bill of Rights* in *Constitutional Law* by *Stephen G. Breyer* (2001).

~~It is important to note that changes other than information, e.g. layout, style, etc., MUST be approved by the examiner before the application will be allowed. No changes, other than layout, style, etc., may be made after the examiner has approved the proposed change.~~

Attachment for PTO-948 (Rev. 03/01, or earlier)

6/18/01

The below text replaces the pre-printed text under the heading, "Information on How to Effect Drawing Changes," on the back of the PTO-948 (Rev. 03/01, or earlier) form.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

1. Correction of Informalities ~ 37 CFR 1.85

New corrected drawings must be filed with the changes incorporated therein. Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and centered within the top margin. If corrected drawings are required in a Notice of Allowability (PTO-37), the new drawings **MUST** be filed within the **THREE MONTH** shortened statutory period set for reply in the Notice of Allowability. Extensions of time may **NOT** be obtained under the provisions of 37 CFR 1.136(a) or (b) for filing the corrected drawings after the mailing of a Notice of Allowability. The drawings should be filed as a separate paper with a transmittal letter addressed to the Official Draftsperson.

2. Corrections other than Informalities Noted by Draftsperson on form PTO-948.

All changes to the drawings, other than informalities noted by the Draftsperson, **MUST** be made in the same manner as above except that, normally, a highlighted (preferably red ink) sketch of the changes to be incorporated into the new drawings **MUST** be approved by the examiner before the application will be allowed. No changes will be permitted to be made, other than correction of informalities, unless the examiner has approved the proposed changes.

Timing of Corrections

Applicant is required to submit the drawing corrections within the time period set in the attached Office communication. See 37 CFR 1.85(a).

Failure to take corrective action within the set period will result in **ABANDONMENT** of the application.
